

6133 POPLAR PIKE AT RIDGEWAY MEMPHIS, TN 38119

Tel: (901) 761-9720 Toll Free: (800) 477-SHEA Fax: (901) 680-1992 Email: p.shea@sheaclinic.com

Thank you for entrusting us with your medical care. Your appointment is with Dr. Paul Shea.

First, please fill out the requested information and answer the relevant questions on the Shea Clinic patient portal. Otherwise, please complete the registration forms before arriving and, if possible, fax them to (901) 680-1992. This will enable us to key your information into the computer before you arrive. If you cannot do this, please arrive 45 minutes early in order to give us time to enter your information. PLEASE NOTE! As a courtesy to other patients, your failure to register through our patient portal or failure to arrive 45 minutes early to complete the registration process, may result in Shea Clinic having to reschedule your appointment. Also, please bring ALL medical records related to your child's problem with you. Please bring records made by other Ear, Nose and Throat Doctors or Speech and Hearing Centers. If you do not have copies of these records, please call or write to have them sent to the Shea Ear Clinic by mail, or fax to (901) 680-1992, well in advance of your child's appointment.

At the time of your child's appointment, they will be given a routine hearing test and, if necessary, special hearing tests and/or tests of their balance system. There is <u>no</u> need for your child to fast the night before your office visit at Shea Ear Clinic. You child can have a **light** breakfast the morning of their office visit.

Although rare, if dizziness, vertigo or loss of balance is part of the reason for your child visiting the Shea Ear Clinic, they may need to undergo special balance tests during the visit. If so, please <u>discontinue</u> the following medicines at least five (5) days prior to your office visit if you are taking them: Valium (diazepam), Antivert (meclizine), Dramamine, Phenergan (promethazine), Transderm Scop (scopolamine), Xanax (alprazolam), and Ativan (lorazepam).

The physicians of Shea Ear Clinic participate in Medicare, Blue Cross/Blue Shield and most other Commercial Insurance plans. Shea Ear Clinic does NOT participate in any MEDICAID plans, and is NOT accepting any new MEDICAID patients. Shea Ear Clinic does NOT participate with TENNCARE or most HMO Plans. You are responsible for paying any co-pays, coinsurance and/or deductibles based on your insurance's contracted rates. Please check with your insurance company to learn if Shea Ear Clinic participates in your plan. If Shea Ear Clinic is not a participating provider in your insurance plan, you may or may not have out-of-network benefits. Regardless, you will be responsible for paying any deductibles and/or coinsurance at the time of service. If you do not have any out-of-network benefits, you will be considered a "self-pay" guarantor. Self-pay guarantors are required to pay a \$500.00 deposit before services are rendered. If your insurance plan requires a referral, you must obtain this referral prior to your appointment date.

PLEASE do <u>NOT</u> bring additional children or more than one responsible adult with you. If your child is recommended for surgery, your child will need one responsible adult with them throughout all visits and procedures.

Most Shea Clinic patients stay at the Sonesta Suites connected to the Shea Clinic by a walkway. The telephone number is (800) 766-3782 and be sure to ask for the special discount rate for Shea Clinic patients. A listing of additional nearby hotels is listed on our website (www.SheaClinic.com) along with a map and directions.

PAUL F. SHEA, M.D.

As a fourth generation Shea to pursue a career as an ear, nose, and throat doctor, Dr. Paul Shea grew up in a culture of medicine and worked alongside

his father from a young age. Not only has he continued a remarkable legacy, but Dr. Paul Shea has made significant contributions to his field through research, teaching, and community involvement.

Since he was a young boy, Dr. Paul Shea watched his father operate on the ears of patients suffering from hearing loss, chronic infections, and many other debilitating conditions. It is not an exaggeration to say he literally grew up in an operating room. Twice in grade school he took his entire class on field trips to the Shea clinic. As a teenager, Dr. Paul Shea worked at Applied Research Corporation, a company started by his father that designed specialized drills for use in ear surgery. As an undergraduate at Vanderbilt University, Paul studied pre-med courses as well as English literature. Following this, Dr. Paul Shea did research for Charles Norris, Ph.D. at Tulane University in New Orleans, where he studied the effect of streptomycin on hair cells, the specialized nerve endings in the inner ear. This work proved pivotal as it provided the basis for the intratympanic perfusion procedure that was developed at the Shea clinic in the 1990's and is now widely used in the treatment of Meniere's disease and other disorders of the inner ear.

Dr. Shea graduated from medical school at Tulane University in 1995 and returned to Memphis where he completed a six-year residency at the University of Tennessee Health Science Center consisting of two years of general surgery followed by four years of Otolaryngology - Head and Neck Surgery. He then completed a fellowship in Neurotology at the Carolina Ear Research Institute in Raleigh, North Carolina under John T. McElveen, M.D. Paul earned his board certification in Otolaryngology-Head and Neck Surgery in 2002 and was recertified in Otology in 2011. Paul joined the Shea Ear Clinic in 2002 and has a practice in Otology and Neurotology with a special interest in chronic otitis media, otosclerosis, Meniere's disease, intratympanic perfusion, positional vertigo, cochlear implantation, and acoustic neuroma. He is an associate clinical professor at the University of Tennessee Department of Otolaryngology – Head and Neck Surgery, and is a member of the Memphis ENT Society, the Tennessee Medical Association, the American Neurotologic Society, and the Triological Society, for which he published his thesis last year, entitled "Hearing Results and Quality of Life After Streptomycin/Dexamethasone Perfusion for Meniere's Disease". He holds privileges at Methodist and Baptist Hospitals in Memphis. He is a former board member of the Memphis Oral School for the Deaf, where he helped lobby the Tennessee legislature to pass laws requiring mandatory universal hearing screening in newborns.

He is married to Jessica and has a stepdaughter named Elizabeth. He is an avid motorsports enthusiast and restores classic automobiles as a hobby.

PATIENT RESPONSIBILITIES

Guarantor's Signature

OTHER DOCTORS INFORMATION:

1. Provide accurate and complete information about the present complaint, past illnesses, hospitalizations, medications, and other matters which relate to their health.

Date

Witness

- 2. Report their level of pain or unexpected changes in their condition.
- 3. Report whether they clearly understand plans for their care and what is expected of them.
- 4. Follow both the treatment plan recommended by the physician and the Shea Clinic rules and regulations affecting their care and conduct, including the instructions of nurses and other health professionals.
- 5. Accept the outcome of their actions should they refuse treatment or choose not to follow the physician's order.

Relationship to Patient

- 6. Be considerate of the rights of other patients and Shea Clinic staff and for assisting with the control of noise.
- 7. Be respectful of the property of other persons and of the Shea Clinic.
- 8. Meet all of the financial obligations of their health care.

PHYSICIAN REFERRAL POLICY

If the patient's insurance requires a physical referral, the referring physician must call your insurance company and obtain a referral authorization prior to your appointment. It is the patient's responsibility to bring their referral information with them, or have their referring physicians send the referral letter by mail or fax to:

SHEA CLINIC 6133 POPLAR PIKE MEMPHIS, TN 38119 FAX: (901) 683-8440

PRE-CERTIFICATION POLICY

Shea Clinic has adopted the following policy for pre-certification on all insurance plans, health maintenance organizations and other reimbursement plans excluding Medicare:

- 1. When provided with complete insurance carrier information at admission, we will assist patients in pre-certifying their admission and stay as directed by their insurance company. Patients should contact their employer if they are unsure of their policy requirements regarding pre-certification.
- 2. Regardless of the outcome of pre-certification efforts, Shea Clinic will NOT be financially responsible for any reduction in payment or any penalty sustained by the patient or the guarantor. Nor will Shea Clinic accept responsibility for pre-certification. Any failure of Shea Clinic personnel to assist in this process will NOT make the Shea Clinic financially liable.
- 3. Shea Clinic will hold the patient, or guarantor, responsible for all balances not paid by the patient's insurance company, HMO or other insurance reimbursement plan, regardless of the conditions of pre-certification, or the outcome of the process.
- 4. Shea Clinic acknowledges the pre-certification process may often be a complex and labor-intensive exercise. With a vast multitude of insurance companies, insurance plans within the insurance companies, and other less traditional reimbursement plans, it is the patient's and/or the guarantor's responsibility to know the requirements of their policy. As the owner of the policy, it is imperative the guarantor understand all of the parameters of the plan they own. Accordingly, Shea Clinic will not be held financially responsible when the plan requirements are not fulfilled to the satisfaction of ANY third party payor.

PATIENT FINANCIAL POLICY

The Shea Clinic is a participating provider with many managed health care insurers to accommodate the needs of our patients.

We are committed to building a successful physician-patient relationship with you. Your clear understanding of our Patient Financial Policy is important to our professional relationship. Please understand that payment of services is a part of the relationship. Please ask if you have any questions about our fees, our policies, or your responsibilities. It is your responsibility to notify our office of any patient information changes (i.e. address, name, phone number, insurance information, etc.).

Insurance Claims & Co-Pays

The patient must present an insurance card at each visit. All co-payments, co-insurance, deductibles and past due balances are due at the time of checkout. Insurance is a contract between you and your insurance company. Insurance programs have many individual requirements and the same insurance company may have different benefits based upon the employer group or individual policy.

If your insurance company has special requirements for your services, such as a special lab requirement, a limitation on the number of times a service can be performed, limitations on where outpatient services may be performed, or requirements for primary care referrals, you <u>must</u> advise our office of these provisions or you may be responsible for additional charges. The Shea Clinic makes every attempt to minimize your out-of-pocket costs by following any provisions of which you make us aware.

Although we may estimate what your insurance company will pay, the insurance company makes the final determination of your eligibility and benefits. If your insurance company is not contracted with us, it is your responsibility to pay any portion of the charges not covered by insurance, including but not limited to those charges above the usual and customary allowance.

Referrals and Prior Authorizations

If your insurance company requires a referral and/or prior authorization, you are responsible for obtaining it. Failure to obtain the referral and/or prior authorization may result in a lower or no payment from insurance, and the balance will be your responsibility.

Self-Pay Accounts

Self-Pay accounts are patients without insurance coverage or patients without any out-of-network benefits. Self-pay patients are required to pay a \$500.00 deposit <u>before</u> services are rendered. All guarantors are required to provide proof of their social security number and a government-issued pictured identification card or provide the Shea Clinic with a \$500.00 deposit before services are rendered.

Missed Appointments

The Shea Clinic requires a 24-hour notice of appointment cancellation. Appointments missed and are not previously cancelled may be charged a fee of \$25.00 in which case this fee must be paid prior to scheduling additional appointments.

Returned Checks

The charge for a returned check is \$40.00, payable by cash or money order. This will be applied to your account in addition to the insufficient funds amount. You may be placed on a "cash-only" payment basis following any returned check.

Outstanding Balance Policy

It is our office policy that all past due accounts be sent two statements. In the event an account is turned over for collection, the person financially responsible for the account will be responsible for all collection costs, including attorney fees and court costs.

Medical Records Policy

The Shea Clinic will provide your medical records to a referred physician as a courtesy. Any other requests will require the prepayment of a \$20.00 retrieval fee plus \$.40 per copied page. This fee is subject to change without notice at any time.

Forms Completion Policy

Requests for the Shea Clinic, our physicians or members of our staff to complete forms will require the prepayment of a \$20.00 retrieval fee plus \$25.00 per page. This fee applies to all requests for the completion of any disability papers or consultation forms.

I accept and understand the Shea Clinic Financial Policy.
